

Gene Hilten - 1992

Gene Hilten was a PGA Member for over 50 years, and started his career in golf as a caddie at Lexington Country Club, and went on to a career as golf professional at Mount Sterling Country Club and Juniper Hills Golf Course in Frankfort. Along the way, he earned the reputation as a great friend and mentor to junior golfers, and as an active promoter of the game. In addition to his duties as a golf professional, he also served as golf course superintendent, and was one of only a few individuals to serve in this dual capacity in Kentucky.
