

*Name of Contact*  
*Address of Company*

*Date of Letter*

Dear *Name of Contact*,

As the PGA golf professional at *name of facility*, I consider it one of my top priorities to connect with my community and to grow the game of golf locally. I believe that the employees at *name of company* could benefit greatly from a golf health and wellness program that is specifically designed and organized just for them. Golf is an amazing game that provides the opportunity for health benefits through outdoor exercise, business development through golf with clients, and relationship and team building skills by playing with friends and co-workers.

*Name of company* is certainly one of the most respected companies in our region and I would like to provide a golf program for your employees. I have developed a corporate program that has multiple options, including but not limited to the following:

- A five week (one evening class a week) course that covers all aspects of the game
- A "Work Day at the Club" Program where employees bring up to three clients each to the golf course for a full day of golf featuring breakfast, morning instruction, lunch and a round of golf in the afternoon
- All female or all male classes that can be tailored to specific topics, such a bunker play, driving, irons, putting, etc.
- Golf Instruction/Golf Fitness classes where I partner with a TPI (Titleist Performance Institute) fitness instructor and students learn golf skills as well as golf specific fitness exercises

I would love the opportunity to discuss the potential of this program with you. Attached you will find a corporate golf presentation. Please feel free to contact me at the phone number or email address that is listed below. I appreciate your time and I look forward to hearing from you soon.

Sincerely,

*Name of PGA Professional*
